After a short battle with Frezendezen, Gule and Tiempo, the SALIN teams, split in two from now on, manage to escape. They find a hideout and settle in, while waiting for the injured people to recover. The Déshus are spreading on the territory, and the PDs secure the border, sealing communication with outside is impossible.

A few days after their escape, the SALIN Team 1 forms new units with the members still fit. The unit composed of Gail, Rooney and Solario leaves for a reconnaissance mission and to infiltrate the PD's base, in order to report information. Later on, Acuna also leaves the hideout for another mission.

In the mean time, in Houston, at the Déshus high-commandant, Magnus' residence, a unit, "the Half-Gods", are charged of finding the SALIN teams and of suppressing them. After having passed a few traps on the road, the Gail team arrives in what was Nevada, but surprise, the environment has been completely sheltered and is totally covered by sand. They enter the base, which is actually surrounded by a city, the Citadel of Southern Arins. Detected from their entry in the Citadel, the Gail team briefly splits up to meet in the base at night.

On his way, Gail meets a resident of Arins, Manny, who helps him to find the base. During their infiltration, Gail, Rooney and Solario are brought face to face to three members of the Half-Gods unit, Ashella, See Ling and Ooto Acuna.
